Purpose

- ✓ USG proprietary software that transmits a total product order from a member to the desired supplier.
- ✓ The OC has the tools to create an accurate, complete and timely manual order and transmit the order to the correct supplier.
- ✓ Integration with several VMS programs is nearly complete so that the OC can receive an order created by the VMS and transmit that order to the correct supplier.
- ✓ The OC is integrated with the operating systems of several suppliers so that the OC can inform you of your order status.
- ✓ The OC stores PurchasePower pre-book orders and applies **all PurchasePower rebates.**

For Integrated Ordering, the system provides a summary highlighting PurchasePower items

For suppliers integrated with the Order Center, full product catalogs are updated either nightly or weekly.

A member cannot create product codes.

Set-up and training takes about one day.

The  program is only available to members who have requested it and have done the set-up.
